Dear Bob:

Thanks for your letter recommending your brother, Don. As you probably know by now, Bob Tuttle's office did interview Don for this position and was most impressed with his background.

While the President has made a different selection for the Administrator of General Services, we are considering Don for other appropriate positions.

Warm regards.

Sincerely,

Dear John:

Thank you for your letter of December 7, 1987 concerning U.S. policy toward the situation in Haiti. I'm sorry for the delay in responding.

Since the fall of the Duvalier regime in 1986, our policy regarding Haiti has been based on strong encouragement of a transition to democracy through full and fair elections.

The United States was dismayed by the violent disruption of the electoral process and the failure of the Haitian government to protect innocent citizens attempting to vote. Our commitment to the democratic process in Haiti remains very strong. As you know, we have suspended all military assistance and non-humanitarian economic aid to Haiti. The drawdown in personnel is not a sign of disinterest in Haiti, but a signal that we do not intend to quickly or easily restore aid to the government. We have called on the Haitian government to stop violence and restore confidence in its willingness and ability to conduct an orderly and honest election and to transfer power to a freely elected government.

Our government continues to examine options for our posture in Haiti, but military intervention must continue to be considered a last resort. Moreover, talk of such moves can inhibit more appropriate solutions to the problems in Haiti.

Please be assured that your thoughts will be considered as we formulate policy in coming months.

Again, thanks for writing. I'm also pleased that I could be of help to Terry.

With every good wish,

Sincerely,

Howard H. Baker, Jr.

Dear Mr. Cruikshank:

Thank you for your letter about the plant closing provision in the omnibus trade bill. I can assure you that we share your view that this should not be included in this bill or any other bill.

In 1986 the President indicated that he would veto a continuing resolution if it contained a similar provision, and it was ultimately removed. Our strong opposition has not changed since that time.

At this moment, it is unclear how the trade bill conferees will finally decide this issue. But rest assured that we remain strongly opposed to plant closing provisions and are clearly indicating that opposition to the conferees.

Thank you for letting us know your views.

Dear Jack:

Thank you for your comments on my recent speech to the National Newspaper Association. I'm pleased that I could attend the luncheon.

The President enjoys meeting with local and regional press, so we try to do this as often as possible. One of our most successful formats is a regional briefing for out-of-town media -- radio, TV, and print. We certainly try to include many editors of smaller newspapers. I hope we can schedule another regional briefing soon, and we will be sure to include many of your fellow editors and publishers. Elizabeth Board, Director of Media and Broadcast Relations, is in charge of these briefings.

If you know of any other specific meetings your membership is planning here in the near future, please let us know and we will, of course, try to fit something into the President's schedule.

Dear Mr. Obuchi:

Thank you for your thoughtful letter of March 23, which came to me through the courtesy of Deputy Chief Cabinet Secretary Ozawa.

The President was very pleased, of course, with his January meeting with Prime Minister Takeshita. The agenda for your Cabinet that the Prime Minister described then, and that you note in your letter, is an ambitious one. We wish you the greatest of success in fulfilling the Prime Minister's agenda.

I appreciate your concern for the trade-associated problems which must be resolved between our countries, including public works, beef, and citrus. I very much agree that these issues are not insoluble, and that they can be resolved with good communication and strong efforts by both sides.

The opportunity to meet on March 29 with Deputy Chief Cabinet Secretary Ozawa was most welcome. His presence in the United States contributed in a major way to the good outcome for the public works issue, and I was glad we were able to meet after he had completed his negotiations with Secretary Verity and Ambassador Smith.

Thank you for your personal concern and warmth. Experiences of the kind you mention come along from time to time, and it is good to know that friends from far away wish us well. I deeply appreciate your warm assurances. Mrs. Baker joins me in sending similar sentiments to you and your family.
